

This is My Library

The Cloverdale Library

This is my library's entrance.

This is my library, **Cloverdale Regional Library**. We come to the library to access information and services. There are books I can read, information I can research, and programs and services in which I can participate.

This is the children's librarian at my library.

My children's librarian plans library programs, develops the library collection of books, DVDs, games, and equipment, and manages the children's area. The librarian is able to teach the community how to access, evaluate and use information resources through my library. He can help if I have problems at the library.

These are the times I can use my library.

I must respect other people in the library.

I need to behave in an acceptable manner and not be disruptive to others in my library. I should respect other people by not disrupting their work or conversations. My behavior should be as calm as possible and I should try to remain as quiet as I can. If someone or something is bothering me, I should try to move to another location or let a library staff member know so that the situation can be handled appropriately.

This is how I find a book at my library.

I can look for books in my library's computer catalog. I can search by title or author or subject. I can do this on computers at the library or from home.

This is a library card.

Having a library card at my library lets me check out things like books, DVDs, CDs, movies and music. There are rules about getting and using a library card. A librarian can provide me with more information about getting and using my library card.

My library has a children's area with many materials for different ages.

I can find books, music, audio books, tablet computers, computers, DVDs, and video games here.

There is a water filling station and drinking fountain at the library if I get thirsty.

I can fill my water bottle at the water filling station or just get a drink of water from the drinking fountain if I am thirsty and I don't have a water bottle with me.
